# **Component: Cart**

#### **1** Overview

Cart Component lets you author the Cart page buttons that the author wants the user to see.

#### 2 Business Use Case

It is a way to define the UI of Cart page by authoring different properties.

#### 3 Design

The Cart Component contains the authoring for:

- Proceed To Checkout Button Text
- Request To Quote Button Text
- Checkout URL

ASSA ABLOY Nagarro

### 4 Authoring Steps

Step 1: Create a new page with "Cart" template or open an existing page with by selecting the page and click on Edit option.
